

My local station is:

WGGB, ABC 40  
Springfield, MA

I have never been satisfied with their use of the public airways. This Sinclair Stolen Honor issue is the latest insult to our intelligence and I'm tired of being slapped in the face by the idiocy of our public broadcasting.

Its time for a change and the FCC probably will be a retrograde force when it comes to the necessary change. Too bad for the U.S. of America.
